EUROPEAN DEFENCE AGENCY (EDA)

Vacancy notice

Directorate	Industry, Synergies and Enablers Directorate (ISE)
Vacancy title	Coordination Officer Contracted Services
Contract type	Contract agent
Group	FGIV
Grade	N.A.
Indicative starting date	16/11/2026
Security Clearance	SECRET UE/EU SECRET
Management of staff	N.A.
Location	Brussels
Closing date for applications	21/07/2026

The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu - vacancies>. Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE INDUSTRY, SYNERGIES AND ENABLERS DIRECTORATE (ISE)

The Industry Synergies & Enablers (ISE) Directorate supports a range of activities critical to collaborative defence capability development in Europe.

On top of leading the work on identifying together with Member States' Key Strategic Activities (KSA) at EU level, the ISE Directorate is responsible for the effective engagement with industry across the Agency's activities and in support of related priorities set by Member States.

The ISE Directorate facilitates work to address the implications of EU legislation and policies for the defence sector: REACH, procurement, funding instruments and the analysis of developments influencing governmental and industrial stakeholders. The Directorate is responsible for activities on critical enablers to support defence cooperation and enhance interoperability: military airworthiness, standardisation and certification, defence test & evaluation and education and training. The Directorate provides support to CSDP military and civilian operations and missions and EU Battlegroups.

The Directorate facilitates the coordination of military views from and in support of Member States and the relevant international military organisations in the framework of Single European Sky (SES) and acts as the interface with the EU institutions and related bodies. In the wider context of military aviation, the Directorate supports Member States in their efforts to enable RPAS integration in non-segregated airspace and in harmonising military aviation safety issues using the Total System Approach to Military Aviation.

The ISE Directorate comprises four Units:

- The Industry Strategy & EU Policies (ISP) Unit: engagement of industry in the activities of the Agency, determination of Key Strategic Activities at EU level, defence aspects of EU policies varying from legislation (REACH, procurement) to funding instruments
- The Critical Enablers (CRE) Unit: support defence cooperation and enhance interoperability through the identification, development and maintenance of harmonized safety, certification and standardisation requirements, references to the best practice standards and networking of Defence Test & Evaluation capabilities in all military domains
- The Single European Sky (SES) Unit: facilitation and coordination of military views in the framework of SES; interface with the EU institutions and related bodies to ensure that Military Aviation will continue to provide and further improve effective security and defence in Europe in the changing context of the civil aviation sector
- The Operations, Training & Exercises (OTE) Unit: promotion of the use in CSDP operations of all relevant EDA projects & programmes; development and management of contracted solutions to support CSDP operations and Member States; initiation, development and management of training and exercise activities for rotary and fixed-wing aircraft, including RPAS, with a view to transfer these activities to Member States when mature.

4. DUTIES

Under the supervision of the Head of Operations Training and Exercises Unit, the job holder will, contribute to the following activities:

- lead the support to the EU SatCom Market project, including oversight of contractual and financial matters and coordination with relevant stakeholders, ensuring alignment with project objectives;
- manage the full lifecycle of order requests, including technical, contractual, and financial aspects, such as invoice management, fund allocation, and payment processing, ensuring timely and accurate execution;
- serve as the primary point of contact for EU SatCom Market stakeholders, fostering strong relationships with Member States, CSDP structures, and other relevant entities to provide effective support to CSDP operations and missions;
- lead the development of the EDA SatCom Service Management Tool (SMT), including conducting meetings with stakeholders, developing requirements, overseeing sprint implementation, and managing user stories to ensure

successful delivery and user satisfaction;

- support and draft contractual aspects related to the project, including amendments to the Framework Contract (FWC), joint procurement amendments, and supporting the development of tender specifications for upcoming FWCs;
- drive continuous improvement of the EU SatCom Market project, incorporating lessons learned into process enhancements and contractual amendments;
- lead the preparation of periodic capability reviews of the EDA EU SatCom Market project and report project status to the governance organisation;
- act as liaison between end users (e.g., military and governmental bodies) and SATCOM service providers, ensuring smooth communication and problem resolution;
- prepare and support meetings with Member States and other stakeholders, including the European Commission and EEAS, providing briefings, documentation, and follow-up actions;
- undertake additional tasks as required to support the service and contribute to the overall success of the EU SatCom Market project.

Duties may evolve according to the development of EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to their full rights as citizens;
- have fulfilled any obligations imposed on them by the laws concerning military service;
- produce the appropriate character references as to their suitability for the performance of their duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform their duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge their duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of their duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;
- have a level of education which corresponds to completed university studies of at least three years attested by a diploma or be a graduate of a national or international Defence College.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence.

For diplomas awarded in non-EU countries, a NARIC recognition is required: <https://www.enic-naric.net/>

Qualifications/diplomas awarded until 31/12/2020 in the United Kingdom are accepted without further recognition. For diplomas awarded after this date (from 01/01/2021), a NARIC recognition is required.

It should be noted that due to the withdrawal of the United Kingdom from the European Union on 31/01/2020, candidates from the United Kingdom who do not hold the nationality of another participating EU Member State, are not eligible.

For native English speakers, your ability to communicate in another EU language will be tested during the selection process.

To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

6. SELECTION CRITERIA

A. ESSENTIAL

(1) Professional

The candidate will be required to demonstrate that he/she has:

- at least 3 years of professional experience relevant to the duties, acquired after the award of the qualification required as a condition of eligibility (see eligibility criteria section above);
- proven experience in support to project/programme management in an international organisation or a large-scale public sector organisation;
- knowledge of the SatCom industry, with particular emphasis on the capabilities of the EUSatCom Market Service Providers;
- knowledge of, and/or proven experience in, EU CSDP Missions and Operations and their required SatCom support, and management of related projects/programmes;
- proven experience in drafting procedural and procurement-related documents, notes and briefs related to Satcom (including for instance drafting tender specifications and all related documentation);
- proven experience and a track record of successful business outcomes with a focus on projects management;
- a very good command of written and spoken English.

(2) Personal

All staff must be able to fit into the Agency's way of working (see par. 2). Other attributes important for this post include:

- ability to work in a team and independently in their area of responsibility;
- ability to work effectively in a multinational environment and multicultural team;
- reliability and capacity to work under pressure with little supervision;
- good communication and organisational skills;
- strong analytical and problem-solving skills;
- excellent interpersonal and negotiation skills;
- results-orientation and strong motivation;
- flexibility and innovativeness;
- genuine commitment to the Agency's objectives.

B. DESIRABLE

The following will be considered an advantage:

- a field of study relevant to the post (e.g. space economy);
- understanding of EDA activities relating to contracted services in support of military and civilian operations, or knowledge of European public procurement directives;

- knowledge of space services, SatCom related defence users requirements, and SatCom challenges;
- experience in contributing to process change.

7. APPOINTMENT AND CONDITIONS OF EMPLOYMENT FOR CONTRACT AGENTS AT EDA

EDA, whose staff are governed by its own Staff Regulations, offers specific conditions of employment with regards to contract duration and pension arrangements.

CONTRACT DURATION

Subject to budget availability, the Coordination Officer Contracted Services will be appointed by the Chief Executive. Recruitment will be as a member of the contractual staff of the Agency for a 4-year period. Renewal is possible only once for an additional period of 5 years, within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Contract Agent, grade FGIV. In line with EDA's Staff Regulations, the Agency does not offer inter-Agency mobility.

FINANCIAL ENTITLEMENTS

The pay for this position consists of a basic salary of 4.449,31€ supplemented with various allowances including, as applicable, expatriation or family allowances. Successful candidates are graded on entry into service according to the length of their professional experience. Salaries are exempted from national tax, instead an Agency tax is deducted at source.

PENSION ARRANGEMENTS SPECIFIC TO EDA

Prospective staff members considering a career at the European Defence Agency (EDA) should be aware that EDA has its own pension provisions and is not part of the EU institutions' pension scheme (PSEUI).

In addition, EDA staff have several flexible options regarding their pension contributions at the end of their contract, under certain conditions, such as:

- transfer to a public pension scheme;
- transfer to a private pension scheme;
- direct payment as a severance grant.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

8. INDEPENDENCE AND DECLARATION OF INTEREST

The selected candidate will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to their independence.

9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

10. APPLICATION PROCEDURE

Applications are invited with a view to establish a reserve list for the post of Coordination Officer Contracted Services at EDA. This list will be valid until 31/12/2027, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency.

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard

copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline. Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. Candidates may also be requested to take part in an assessment centre, participating in a number of individual and group activities related to the competences required for the post.

EDA will not accept any phase of the selection & recruitment process prepared or assisted, in whole or in part, by means of generative artificial-intelligence (AI) tools, including and without limitation to chatbots, such as Chat Generative Pre-trained Transformer (Chat GPT), or other language generating tools. EDA reserves the right to screen applications to identify the use of such tools. All applications prepared, in whole or in part, by means of such generative or creative AI tools may be rejected without further consideration at EDA's sole discretion, and EDA reserves the right to take further steps in such cases as appropriate.

If recruited, candidates will be requested to supply documentary evidence in support of the statements made in their application. They should not send any supporting or supplementary information until asked to do so by the Agency. Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Staff members employed at EDA require a Personnel Security Clearance Certificate (PSCC). The process to obtain a PSCC can be initiated only by EDA on behalf of the staff member. Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for termination of the contract.

11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: <http://www.eda.europa.eu/jobs/dataprotection>

CHIEF EXECUTIVE
COMMUNICATION

EDA202606076

18 June 2026

EDA documentation for Government use only

To: CENTRAL NATIONAL POINTS OF CONTACT

Copy: Deputy Central Points of Contact, Brussels Points of Contact

EDA RECRUITMENT | PUBLICATION OF FOUR (4) POSTS IN THE CAP, ISE & RTI DIRECTORATES

Post title	Directorate	Contract type	Grade
Project Officer Space Operations	CAP	TA	AD8
Project Officer Cyber (Operations and operational validation)	CAP	TA	AD8
Coordination Officer Contracted Services	ISE	CA	FGIV
Project Officer Human Factor Technologies	RTI	TA	AD8

Deadline for applications:
21 July 2026

Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline.

André DENK

EUROPEAN DEFENCE AGENCY (EDA)

Vacancy notice

Directorate	Capability, Armament and Planning Directorate (CAP)
Vacancy title	Project Officer Cyber (Operations and operational validation)
Contract type	Temporary agent
Group	N.A.
Grade	AD8
Indicative starting date	16/11/2026
Security Clearance	SECRET UE/EU SECRET
Management of staff	N.A.
Location	Brussels
Closing date for applications	21/07/2026

The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu - vacancies>. Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE CAPABILITY, ARMAMENT AND PLANNING DIRECTORATE (CAP)

The Capability, Armament & Planning Directorate (CAP) supports EU Member States in identifying and preparing possible cooperation projects and programmes ranging from long term military capability development to short term armament procurement. This includes obtaining agreement on shared needs and related priorities, harmonising capability requirements and conducting capability development preparatory activities, and also aggregating demand towards joint procurement. The Directorate is operating several EU tools related to capability development and planning, in cooperation with other competent EU institutions and bodies. The Capability Development Plan (CDP), managed together with the EU Military Staff (EUMS) leads to identification of Capability Development Priorities agreed at EU level as a reference for all EU initiatives on Defence. The Coordinated Annual Review on Defence (CARD), ran together with the EUMS, enables to characterise the “State of the Union on Defence” and to identify opportunities for cooperation. The Permanent Structured Cooperation (PESCO), conducted together with the European External Action Service (EEAS), including EUMS, coordinates the analysis of the annual PESCO National Implementation Plans to assess the participating Member States’ fulfilment of the PESCO commitments, assesses Member States’ PESCO project proposals and monitors their progress. These tools are operated with Member States throughout a structured EU Capability Development Planning System (EU-CDPS). Within EU CDPS, the Directorate engages with Member States’ Capability planners and experts to implement the EU Capability Development Priorities based on agreed collaborative Roadmaps. When preparatory activities enable to identify a possible cooperation project, the Directorate support Member States interested in the project by elaborating with them a Business Case.

The CAP Directorate comprises six Units; four are addressing capability development and armament procurement activities of operational domains associated to EU agreed priorities and two are operating EU related processes and tools:

- Air Domain Unit: Air Combat, Airborne Command and Inform Capabilities, Integrated Air and Missile Defence, Air Transport
- Land and Logistics Unit: Ground Combat Capabilities, Land-Based Precision Engagement, Future Soldier Systems, Logistics, Military Mobility, CBRN Defence, C-IED
- Information Superiority Unit: Communication & Information Systems, Surveillance & Reconnaissance, Space, Cyber Defence
- Maritime Unit: Naval Combat and Maritime Interdiction, Underwater and Seabed Warfare, Maritime Domain Awareness
- Cooperation Planning Unit: Capability Development Priorities, CARD, Defence Data
- PESCO Unit: PESCO secretariat, assessment of fulfilment of commitments as well as new PESCO project proposals, support to PESCO projects

4. DUTIES

Under the supervision of the Head of Unit Information Superiority, and in relation to the jobholder’s area of responsibility, the jobholder will be responsible for the following activities:

- contribute to the preparation, review and implementation of the EU Capability Development priorities by identifying shared needs, collecting, analysing and harmonizing capability requirements, aggregating demand towards joint procurement, promoting and proposing collaborative projects within the jobholder’s area of responsibility, as well as interfacing with EU civilian and defence policies;
- update when required the Priority Implementation Roadmaps, in conjunction with Member States’ representatives, and develop related projects as outlined in these Roadmaps;
- coordinate relevant aspects of work related to the Agency’s Three-Year Planning Framework;

- provide support to EDA management by contributing to relevant strategies and policies developed within, or addressed to, the Agency and by providing strategic-level analysis and advice on documents when requested and contribute to the preparation and conduct of meetings with Member States' representatives and other institutions;
- coordinate and/or chair relevant working groups of Member States' experts in particular the Capability Planners Group Cyber and Capability Expert Group Cyber and of national and international organisations, collect requirements, analyse and develop project proposals;
- liaise and maintain the appropriate links with stakeholders regarding Cyber Defence activities including with the European Commission and, where appropriate, other relevant institutions and bodies such as NATO.

In the area of Cyber Defence:

- define project scope and objectives and oversee the development of design solutions for the full spectrum of cyber defence operations and validation initiatives;
- determine functional requirements and specifications; evaluate and translate functional requirements into cyber defence-embedded solutions;
- plan, design, and execute cyber defence testing of developed applications and systems, including systems in development to support validation of operational capabilities;
- develop cyber defence operations use cases and systems design procedures and processes;
- develop the full spectrum of cyber defence operation capability requirements across all DOTMPLFI aspects and lead validation efforts — including feasibility analysis, experiment design, and assessment;
- support ongoing work on the implementation of the EU Capability Development Priorities Cyber Warfare Advantage & Readiness, and Full Spectrum Cyber Defence Operational Capabilities. This includes the generation of activities in Cyber experimentation, interoperability and standardisation;
- develop the future orientation of cyber defence operations from a capability development prospect, operating with a cross-unit and cross-directorate approach and providing regular reports when required to inform the Agency's management;
- maintain/increase a technical and operational knowledge of the military and civilian Cyber Defence matters;
- initiate and manage contracting processes for outsourced activities;
- participate in relevant conferences, seminars, and other similar activities within the jobholder's subject matter area.

Duties may evolve according to the development of EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to their full rights as citizens;
- have fulfilled any obligations imposed on them by the laws concerning military service;
- produce the appropriate character references as to their suitability for the performance of their duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform their duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge their duties;

- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of their duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;
- have a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or a level of education which corresponds to completed university studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years or be a graduate of a national or international Defence College; or where justified in the interests of the service, professional training of an equivalent level.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence.

For diplomas awarded in non-EU countries, a NARIC recognition is required: <https://www.enic-naric.net/>

Qualifications/diplomas awarded until 31/12/2020 in the United Kingdom are accepted without further recognition. For diplomas awarded after this date (from 01/01/2021), a NARIC recognition is required.

For native English speakers, your ability to communicate in another EU language will be tested during the selection process. To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

6. SELECTION CRITERIA

A. ESSENTIAL

(1) Professional

The candidate will be required to demonstrate that he/she has:

- a university degree (or equivalent academic degree) in a field relevant to the post (e.g. Computer Science, Cybersecurity, Defence Studies, Military Science, or a related technical disciplines);
- at least six (6) years of professional experience relevant to the duties, acquired after the award of the minimum qualification required as a condition of eligibility;
- knowledge of the cyber domain and of cyber activities for security and defence;
- experience in cyber programmes management by national or international agencies (e.g. ESA, OCCAR);
- knowledge of and familiarity with both current and future cyber, and cyber related, EU programmes and EU policies/directives that have a bearing on defence activities;
- knowledge of and experience in the technical aspects of Cyber Defence;
- a good understanding of EDA's main tasks and functions and familiarity with the EU defence environment (especially CSDP) and with the European institutions;
- a very good command of written and oral English.

(2) Personal

All staff must be able to fit into the Agency's way of working (see par. 2). Other attributes important for this post include:

- ability to work in a team and independently in his/her area of responsibility;
- ability to work effectively in a multinational environment;
- reliability and capacity to work under pressure with little supervision;
- good communication and organisational skills;
- strong analytical and problem-solving skills;
- excellent interpersonal and negotiation skills;
- results-orientation and strong motivation;
- flexibility and innovativeness;
- good coordination skills;
- genuine commitment to the Agency's objectives;

B. DESIRABLE

The following will be considered an advantage:

- hold a (recognised) project management qualification;
- experience in armaments acquisition and international armaments collaboration;
- experience of contributing to process change.

7. APPOINTMENT AND CONDITIONS OF EMPLOYMENT FOR TEMPORARY AGENTS AT EDA

EDA, whose staff are governed by its own Staff Regulations, offers specific conditions of employment with regards to contract duration and pension arrangements.

CONTRACT DURATION

Subject to budget availability, the Project Officer Cyber (Operations and operational validation) will be appointed by the Chief Executive. Recruitment will be as a member of the temporary staff of the Agency for a 4-year period. Renewal is possible only once for an additional period of 4 years, within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Temporary Agent, grade AD8. In line with EDA's Staff Regulations, the Agency does not offer inter-Agency mobility.

FINANCIAL ENTITLEMENTS

The pay for this position consists of a basic salary of 8.911,48€ supplemented with various allowances including, as applicable, expatriation or family allowances. Successful candidates are graded on entry into service according to the length of their professional experience. Salaries are exempted from national tax, instead an Agency tax is deducted at source.

PENSION ARRANGEMENTS SPECIFIC TO EDA

Prospective staff members considering a career at the European Defence Agency (EDA) should be aware that EDA has its own pension provisions and is not part of the EU institutions' pension scheme (PSEUI).

In addition, EDA staff have several flexible options regarding their pension contributions at the end of their contract, under certain conditions, such as:

- transfer to a public pension scheme;
- transfer to a private pension scheme;
- direct payment as a severance grant.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

8. INDEPENDENCE AND DECLARATION OF INTEREST

The selected candidate will be required to make a declaration of commitment to act independently in the Agency's interest

and to make a declaration in relation to interests that might be considered prejudicial to their independence.

9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

10. APPLICATION PROCEDURE

Applications are invited with a view to establish a reserve list for the post of Project Officer Cyber (Operations and operational validation) at EDA. This list will be valid until 31/12/2027, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency.

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline. Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. Candidates may also be requested to take part in an assessment centre, participating in a number of individual and group activities related to the competences required for the post.

EDA will not accept any phase of the selection & recruitment process prepared or assisted, in whole or in part, by means of generative artificial-intelligence (AI) tools, including and without limitation to chatbots, such as Chat Generative Pre-trained Transformer (Chat GPT), or other language generating tools. EDA reserves the right to screen applications to identify the use of such tools. All applications prepared, in whole or in part, by means of such generative or creative AI tools may be rejected without further consideration at EDA's sole discretion, and EDA reserves the right to take further steps in such cases as appropriate.

If recruited, candidates will be requested to supply documentary evidence in support of the statements made in their application. They should not send any supporting or supplementary information until asked to do so by the Agency. Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Staff members employed at EDA require a Personnel Security Clearance Certificate (PSCC). The process to obtain a PSCC can be initiated only by EDA on behalf of the staff member. Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for termination of the contract.

11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018

on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: <http://www.eda.europa.eu/jobs/dataprotection>

EUROPEAN DEFENCE AGENCY (EDA)

Vacancy notice

Directorate	Research, Technology and Innovation Directorate (RTI)
Vacancy title	Project Officer Human Factor Technologies
Contract type	Temporary agent
Group	N.A.
Grade	AD8
Indicative starting date	16/11/2026
Security Clearance	SECRET UE/EU SECRET
Management of staff	N.A.
Location	Brussels
Closing date for applications	21/07/2026

The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu - vacancies>. Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an “outward-facing” organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE RESEARCH, TECHNOLOGY AND INNOVATION DIRECTORATE (RTI)

The Research, Technology & Innovation Directorate (RTI) promotes and supports defence research at EU level. Based on the Overarching Strategic Research Agenda (OSRA), developed together with the Member States, the Directorate coordinates and plans joint research activities and the study of technical solutions to meet future operational needs.

The RTI Directorate provides support to Member States and to the European Commission for the Preparatory Action for defence research, including its implementation, and the research dimension of the European Defence Fund. The RTI directorate also ensures the promotion of innovation in defence and the exploitation of synergies at EU level with civil research in dual-use technology fields.

The RTI Directorate comprises two Units and an RTI Coordination Team, with the following key tasks:

- The EU-funded Defence Research Unit: upstream, implementing and downstream support linked to defence research activities funded by the EU budget under delegation by the European Commission
- The Technology & Innovation Unit: facilitating the work of the Capability Technology Groups (CapTechs), the Energy & Environment Working Group; development and management of ad hoc research activities based on sectoral Strategic Research Agendas
- The RTI Coordination Team: coordination of the RTI Directorate's contributions to EDA's transversal activities (such as CDP, CARD, PESCO, and KSA); overview of the Agency's research portfolio; provision of outlook for research activities and technology watch.

4. DUTIES

Under the supervision of the Head of Technology & Innovation Unit, the Project Officer CBRN will, contribute to the following activities:

- support the moderation of the Capability Technology Group CapTech CBRN and Human Factors (CapTech CBRN & HF) in particular from the Human Factors' perspective and related activities of expert groups and electronic fora on the EDA Collaborative Platforms;
- in line with Member State orientations, maintain, implement and update the Strategic Research and Innovation Agenda (SRIA) on CapTech CBRN & HF, synthesizing R&T&I priorities and identifying ways to address them;
- contribute to Research and Technology and Innovation (R&T&I) initiatives aimed at defining capability-led priorities and projects in line with the CapTech CBRN & HF's Technology Building Blocks (TBB) roadmaps;
- promote, support and manage R&T&I projects including contracting, monitoring and evaluation activities (financial, security or legal);
- support the development and implementation of the Overarching Strategic Research Agenda (OSRA);
- define and organize RTI experts' meetings and workshops;
- participate and represent the Agency in security and defence-related seminars and workshops, mainly in the areas covered by the CapTech CBRN & HF;
- contribute to Technology Watch and Foresight exercises in the areas of responsibility of CapTech CBRN & HF;
- prepare briefing notes and assist in updating information concerning the activities of the assigned projects;
- contribute to the assessment of assigned projects and draw lessons learnt and propose appropriate follow-on activities;
- collaborate actively with representatives and experts from the Member States;
- liaise with the European Commission and EU Agencies, companies and industry associations involved in military or dual use R&T in his/her/their area of responsibility.
- take on additional tasks as required in the interest of the service.

Duties may evolve according to the development of EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to their full rights as citizens;
- have fulfilled any obligations imposed on them by the laws concerning military service;
- produce the appropriate character references as to their suitability for the performance of their duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform their duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge their duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of their duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;
- have a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or a level of education which corresponds to completed university studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years or be a graduate of a national or international Defence College; or where justified in the interests of the service, professional training of an equivalent level.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence.

For diplomas awarded in non-EU countries, a NARIC recognition is required: <https://www.enic-naric.net/>

Qualifications/diplomas awarded until 31/12/2020 in the United Kingdom are accepted without further recognition. For diplomas awarded after this date (from 01/01/2021), a NARIC recognition is required.

For native English speakers, your ability to communicate in another EU language will be tested during the selection process. To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

6. SELECTION CRITERIA

A. ESSENTIAL

(1) Professional

The candidate will be required to demonstrate that he/she has:

- a University degree (or equivalent academic degree) in a field relevant to the position: e.g. Mechanical Engineering,

Biomedical Engineering, Chemical or Biological or Systems engineerings;

- at least six (6) years of professional experience relevant to the duties acquired after the award of the minimum qualification required as a condition of eligibility (see eligibility criteria section above);
- specific background knowledge in the area of CBRN and Human Factors Technologies as referred to under "DUTIES";
- familiarity with the European defence cooperation environment and related policies;
- familiarity with European Research and Technology programmes and funding frameworks;
- extensive experience in R&T project management, covering all the phases: promotion, definition, competition and evaluation of proposals, running, assessment of results, fostering of follow-up activities;
- experience in working group management (organisation of meetings, workshops, conferences);
- a very good command of written and oral English.

(2) Personal

All staff must be able to fit into the Agency's way of working (see par. 2). Other attributes important for this post include:

- ability to work both independently within his/her area of responsibility and to proactively collaborate with colleagues and stakeholders;
- ability to work effectively in a multinational environment;
- reliability and capacity to work under pressure with little supervision;
- good communication and organisational skills;
- strong analytical and problem-solving skills;
- excellent interpersonal and negotiation skills;
- results-orientation and strong motivation;
- flexibility and innovativeness;
- good coordination skills;
- genuine commitment to the Agency's objectives.

B. DESIRABLE

The following will be considered an advantage:

- hold a (recognised) project management qualification;
- familiarity with the defence international environment (especially with CSDP);
- experience in contributing to process change.

7. APPOINTMENT AND CONDITIONS OF EMPLOYMENT FOR TEMPORARY AGENTS AT EDA

EDA, whose staff are governed by its own Staff Regulations, offers specific conditions of employment with regards to contract duration and pension arrangements.

CONTRACT DURATION

Subject to budget availability, the Project Officer Human Factor Technologies will be appointed by the Chief Executive. Recruitment will be as a member of the temporary staff of the Agency for a 4-year period. Renewal is possible only once for an additional period of 4 years, within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Temporary Agent, grade AD8. In line with EDA's Staff Regulations, the Agency does not offer inter-Agency mobility.

FINANCIAL ENTITLEMENTS

The pay for this position consists of a basic salary of 8.911,48€ supplemented with various allowances including, as applicable, expatriation or family allowances. Successful candidates are graded on entry into service according to the length

of their professional experience. Salaries are exempted from national tax, instead an Agency tax is deducted at source.

PENSION ARRANGEMENTS SPECIFIC TO EDA

Prospective staff members considering a career at the European Defence Agency (EDA) should be aware that EDA has its own pension provisions and is not part of the EU institutions' pension scheme (PSEUI).

In addition, EDA staff have several flexible options regarding their pension contributions at the end of their contract, under certain conditions, such as:

- transfer to a public pension scheme;
- transfer to a private pension scheme;
- direct payment as a severance grant.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

8. INDEPENDENCE AND DECLARATION OF INTEREST

The selected candidate will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to their independence.

9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

10. APPLICATION PROCEDURE

Applications are invited with a view to establish a reserve list for the post of Project Officer Human Factor Technologies at EDA. This list will be valid until 31/12/2027, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency.

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline. Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. Candidates may also be requested to take part in an assessment centre, participating in a number of individual and group activities related to the competences required for the post.

EDA will not accept any phase of the selection & recruitment process prepared or assisted, in whole or in part, by means of generative artificial-intelligence (AI) tools, including and without limitation to chatbots, such as Chat Generative Pre-trained Transformer (Chat GPT), or other language generating tools. EDA reserves the right to screen applications to identify the use of such tools. All applications prepared, in whole or in part, by means of such generative or creative AI tools may be

rejected without further consideration at EDA's sole discretion, and EDA reserves the right to take further steps in such cases as appropriate.

If recruited, candidates will be requested to supply documentary evidence in support of the statements made in their application. They should not send any supporting or supplementary information until asked to do so by the Agency. Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Staff members employed at EDA require a Personnel Security Clearance Certificate (PSCC). The process to obtain a PSCC can be initiated only by EDA on behalf of the staff member. Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for termination of the contract.

11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: <http://www.eda.europa.eu/jobs/dataprotection>

EUROPEAN DEFENCE AGENCY (EDA)

Vacancy notice

Directorate	Capability, Armament and Planning Directorate (CAP)
Vacancy title	Project Officer Space Operations
Contract type	Temporary agent
Group	N.A.
Grade	AD8
Indicative starting date	16/11/2026
Security Clearance	SECRET UE/EU SECRET
Management of staff	N.A.
Location	Brussels
Closing date for applications	21/07/2026

The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu> - vacancies. Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE CAPABILITY, ARMAMENT AND PLANNING DIRECTORATE (CAP)

The Capability, Armament & Planning Directorate (CAP) supports EU Member States in identifying and preparing possible cooperation projects and programmes ranging from long term military capability development to short term armament procurement. This includes obtaining agreement on shared needs and related priorities, harmonising capability requirements and conducting capability development preparatory activities, and also aggregating demand towards joint procurement. The Directorate is operating several EU tools related to capability development and planning, in cooperation with other competent EU institutions and bodies. The Capability Development Plan (CDP), managed together with the EU Military Staff (EUMS) leads to identification of Capability Development Priorities agreed at EU level as a reference for all EU initiatives on Defence. The Coordinated Annual Review on Defence (CARD), ran together with the EUMS, enables to characterise the “State of the Union on Defence” and to identify opportunities for cooperation. The Permanent Structured Cooperation (PESCO), conducted together with the European External Action Service (EEAS), including EUMS, coordinates the analysis of the annual PESCO National Implementation Plans to assess the participating Member States’ fulfilment of the PESCO commitments, assesses Member States’ PESCO project proposals and monitors their progress. These tools are operated with Member States throughout a structured EU Capability Development Planning System (EU-CDPS). Within EU CDPS, the Directorate engages with Member States’ Capability planners and experts to implement the EU Capability Development Priorities based on agreed collaborative Roadmaps. When preparatory activities enable to identify a possible cooperation project, the Directorate support Member States interested in the project by elaborating with them a Business Case.

The CAP Directorate comprises six Units; four are addressing capability development and armament procurement activities of operational domains associated to EU agreed priorities and two are operating EU related processes and tools:

- Air Domain Unit: Air Combat, Airborne Command and Inform Capabilities, Integrated Air and Missile Defence, Air Transport
- Land and Logistics Unit: Ground Combat Capabilities, Land-Based Precision Engagement, Future Soldier Systems, Logistics, Military Mobility, CBRN Defence, C-IED
- Information Superiority Unit: Communication & Information Systems, Surveillance & Reconnaissance, Space, Cyber Defence
- Maritime Unit: Naval Combat and Maritime Interdiction, Underwater and Seabed Warfare, Maritime Domain Awareness
- Cooperation Planning Unit: Capability Development Priorities, CARD, Defence Data
- PESCO Unit: PESCO secretariat, assessment of fulfilment of commitments as well as new PESCO project proposals, support to PESCO projects

4. DUTIES

Under the supervision of the Head of Unit Information Superiority, and in relation to the jobholder’s area of responsibility, the jobholder will be responsible for the following activities:

- prepare, review and implement the EU Capability Development priorities by identifying shared needs, collecting, analysing and harmonizing capability requirements, aggregating demand towards joint procurement, promoting and proposing collaborative projects within the jobholder’s area of responsibility, as well as interfacing with EU civilian and defence policies;
- update when required the Priority Implementation Roadmaps upon recommendation of the Capability Planners Group, in conjunction with Member States’ representatives, and develop related activities and projects as outlined in these Roadmaps;
- coordinate relevant aspects of work related to the Agency’s Three-Year Planning Framework;

- provide support to EDA management by contributing to relevant strategies and policies developed within, or addressed to, the Agency, and by providing strategic-level analysis and advice on documents when requested; contribute to the preparation and conduct of meetings with Member States' representatives and other institutions.

In the area of Space Operations:

- manage and chair the Capability Expert Group Access to Space, as well as the Capability Expert Group Protection of Space Systems and any associated working group collect requirements, analyse and develop project proposals;
- develop the future orientation of Access to Space activities and Protection of Space Assets activities from a capability development prospect, operating with a cross-unit and cross-directorate approach and providing regular reports when required to inform the Agency's management;
- liaise, and contribute where relevant, with stakeholders regarding Access to Space activities and Protection of Space Assets activities including with the European Commission, the EU SATCEN, and where appropriate, other relevant institutions and bodies;
- gain/maintain a technical, legal and operational knowledge of the military and civilian Access to Space activities and Protection of Space Assets matters;
- initiate and manage contracting processes for outsourced activities;
- develop, manage and animate collaboration opportunities on Access to Space activities and Protection of Space Assets and their implementation;
- maintain a high-level of operational knowledge of the evolution of the EU activities related to Access to Space activities and Protection of Space Assets (Priority Capability Areas, EU Space Programme, European Defence Fund, PESCO projects, Defence Readiness Roadmap 2030, etc.);
- participate in relevant conferences, seminars, and other similar activities within the jobholder's subject matter area.

Duties may evolve according to the development of EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to their full rights as citizens;
- have fulfilled any obligations imposed on them by the laws concerning military service;
- produce the appropriate character references as to their suitability for the performance of their duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform their duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge their duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of their duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the

relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;

- have a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or a level of education which corresponds to completed university studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years or be a graduate of a national or international Defence College; or where justified in the interests of the service, professional training of an equivalent level.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence.

For diplomas awarded in non-EU countries, a NARIC recognition is required: <https://www.enic-naric.net/>

Qualifications/diplomas awarded until 31/12/2020 in the United Kingdom are accepted without further recognition. For diplomas awarded after this date (from 01/01/2021), a NARIC recognition is required.

For native English speakers, your ability to communicate in another EU language will be tested during the selection process. To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

6. SELECTION CRITERIA

A. ESSENTIAL

(1) Professional

The candidate will be required to demonstrate that he/she has:

- a University degree (or equivalent academic degree) in a field relevant to the post (e.g. engineering, space related disciplines);
- at least six (6) years of professional experience relevant to the duties, acquired after the award of the minimum qualification required as a condition of eligibility;
- knowledge of and familiarity with both current and future space, and space related EU programmes and EU policies/directives that have a bearing on defence activities in space;
- familiarity with the EU defence environment (especially CSDP) and with the European institutions;
- proven experience in the technical aspects of Access to Space and capabilities and/or proven experience in the technical aspects of Protection of Space Systems;
- a good understanding of EDA's main tasks and functions as well as EDA's role in Space Capability Development;
- a very good command of written and spoken English.

(2) Personal

All staff must be able to fit into the Agency's way of working (see par. 2). Other attributes important for this post include:

- ability to work in a team and independently in his/her area of responsibility;
- ability to work effectively in a multinational environment;
- reliability and capacity to work under pressure with little supervision;
- good communication and organisational skills;
- strong analytical and problem-solving skills;
- excellent interpersonal and negotiation skills;
- results-orientation and strong motivation;

- flexibility and innovativeness;
- good coordination skills;
- genuine commitment to the Agency's objectives.

B. DESIRABLE

The following will be considered an advantage:

- hold a (recognised) project management qualification;
- experience in armaments acquisition and international armaments collaboration;
- experience of contributing to process change.

7. APPOINTMENT AND CONDITIONS OF EMPLOYMENT FOR TEMPORARY AGENTS AT EDA

EDA, whose staff are governed by its own Staff Regulations, offers specific conditions of employment with regards to contract duration and pension arrangements.

CONTRACT DURATION

Subject to budget availability, the Project Officer Space Operations will be appointed by the Chief Executive. Recruitment will be as a member of the temporary staff of the Agency for a 4-year period. Renewal is possible only once for an additional period of 4 years, within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Temporary Agent, grade AD8. In line with EDA's Staff Regulations, the Agency does not offer inter-Agency mobility.

FINANCIAL ENTITLEMENTS

The pay for this position consists of a basic salary of 8.911,48€ supplemented with various allowances including, as applicable, expatriation or family allowances. Successful candidates are graded on entry into service according to the length of their professional experience. Salaries are exempted from national tax, instead an Agency tax is deducted at source.

PENSION ARRANGEMENTS SPECIFIC TO EDA

Prospective staff members considering a career at the European Defence Agency (EDA) should be aware that EDA has its own pension provisions and is not part of the EU institutions' pension scheme (PSEUI).

In addition, EDA staff have several flexible options regarding their pension contributions at the end of their contract, under certain conditions, such as:

- transfer to a public pension scheme;
- transfer to a private pension scheme;
- direct payment as a severance grant.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

8. INDEPENDENCE AND DECLARATION OF INTEREST

The selected candidate will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to their independence.

9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

10. APPLICATION PROCEDURE

Applications are invited with a view to establish a reserve list for the post of Project Officer Space Operations at EDA. This

list will be valid until 31/12/2027, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency. Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline. Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. Candidates may also be requested to take part in an assessment centre, participating in a number of individual and group activities related to the competences required for the post.

EDA will not accept any phase of the selection & recruitment process prepared or assisted, in whole or in part, by means of generative artificial-intelligence (AI) tools, including and without limitation to chatbots, such as Chat Generative Pre-trained Transformer (Chat GPT), or other language generating tools. EDA reserves the right to screen applications to identify the use of such tools. All applications prepared, in whole or in part, by means of such generative or creative AI tools may be rejected without further consideration at EDA's sole discretion, and EDA reserves the right to take further steps in such cases as appropriate.

If recruited, candidates will be requested to supply documentary evidence in support of the statements made in their application. They should not send any supporting or supplementary information until asked to do so by the Agency. Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Staff members employed at EDA require a Personnel Security Clearance Certificate (PSCC). The process to obtain a PSCC can be initiated only by EDA on behalf of the staff member. Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for termination of the contract.

11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA.
