Job Purpose

Working at ESMA means contributing to meaningful change across Europe. By joining our team, you will help shape future EU policies and support the stability and integrity of European financial markets, ultimately benefiting millions of citizens.

ESMA is organising a selection procedure for the post of **Legal Officer** within the **Supervision, Investor Protection & Sustainable Finance (SIS) Team** within the **Legal Unit** of the **Legal and Enforcement (LEX) Department**. The aim is to fill a vacant post and to establish a reserve list for both the Legal and Enforcement Units.

¹ According to the Article 2(f) of the [Conditions of Employment of Other Servants \(CEOS\)](#) of the European Union.

The LEX Department is a transversal Department responsible for providing support and expertise to other Departments/Directorate and to senior management, as well as to ESMA's Board of Supervisors and Management Board regarding legal and enforcement matters, ethics, anti-fraud and data protection. It comprises two Units, respectively in charge of:

- providing legal services; and
- enforcement matters.

The Legal (LEG) Unit is tasked with providing sound, outcome-focused legal advice on ESMA's tasks and powers in accordance with its founding regulation and the applicable EU sectoral legislation, including legal advice relating to ESMA's role as a direct supervisor. The Legal Unit is also responsible for assuring legal quality control regarding the drafting of Technical Standards, Guidelines, Recommendations, Opinions as well as other legal acts of ESMA. It contributes to ensuring that ESMA's regulatory and supervisory framework is legally robust, reducing unnecessary complexity and supporting proportionate and effective regulation and supervision. This will be of particular relevance in the preparatory and implementation phase of the Market Integration and Supervision initiative of the Commission, currently under consideration by the co-legislators. The Legal Unit is also tasked with assisting and representing ESMA in legal proceedings and in facilitating the settlement of disagreements between national competent authorities as well as providing legal support in relation to requests for public access to documents.

The Enforcement (ENF) Unit is in charge of conducting independent investigations in the context of enforcement actions against directly supervised firms. It also advises ESMA's Board of Supervisors on all enforcement matters, including before the Board's adoption of an enforcement decision. Additionally, the Unit handles complaints received against alleged breaches of Union law by national securities and markets regulators, which may lead to requests for information and investigations in the context of ESMA's breach of Union law powers. Moreover, the Enforcement Unit is in charge of handling requests for disclosure of ESMA documents in accordance with the professional secrecy rules and conducting enquiries in case of suspected breaches. The Enforcement Unit also coordinates a committee of high-level national enforcers (and its working group), which meets on a regular basis and discusses real enforcement cases, promotes a unified enforcement culture and offers guidance on national enforcement strategies in order to achieve consistent outcomes for similar infringements across the EU.

This opportunity may be for you if you:

- excel at legal analysis and enjoy applying your expertise to complex supervisory, regulatory and enforcement matters;
- communicate clearly and effectively, both orally and in writing;
- demonstrate sound judgement, critical thinking and a pragmatic approach to problem-solving;
- work collaboratively and build constructive relationships with a wide range of stakeholders;
- enjoy managing multiple priorities and coordinating several workstreams simultaneously;
- thrive in an international and culturally diverse environment.

➤ Key duties and responsibilities

The jobholder will be assigned to one or more of the following areas under the supervision of the SIS Team Leader. They will provide to ESMA's senior management and departments sound, outcome-focused legal advice within the remit of the Legal Unit, including in relation to the following subject areas:

- Direct supervision, supporting the effective and consistent exercise of ESMA's supervisory powers in relation to the entities supervised by ESMA, including benchmark administrators, credit rating agencies, data reporting service providers, securitisation repositories, trade repositories, external reviewers of EU green bonds and ESG rating providers;
- Investor protection, including legal issues arising under MiFID/MiFIR and ESMA's product intervention powers;
- Investment management, including legal advice under the AIFMD and the UCITS Directive;
- Sustainable finance, including advising on the legal acts supporting the sustainable investment value chain;
- Other cross-cutting topics of significance to the Legal Unit;
- Conducting legal research and analysis of case-law from the Court of Justice of the EU, in particular in matters related to ESMA's exercise of direct supervisory powers and enforcement action; and
- Contributing to legal proceedings notably before the Board of Appeal and the Court of Justice of the European Union.

More information about [ESMA's activities, departments](#) and [organisational structure](#) could be found on our website.
